Housing application - spring semester 2027

Dear student,

We and Housing Office look forward to welcoming you to Stockholm University next semester!

The accommodation application is open between **October 15 at 12 noon** and **October 29 at 12 noon 2026** Central European Time. Applications submitted after the application period will not be given priority.

Please note that it is **mandatory to choose at least four** housing preferences to enhance your chances to receive an offer. Even more is preferable. The housing preferences are not possible to change after you have completed the application. Information about Stockholm University housing areas is found [here](#).

Since there is a limited amount of accommodation, Housing Office will do their best to offer an accommodation according to your preferences, however this cannot be guaranteed. Hence, you may be offered an accommodation for an area you have not chosen.

Please observe that accommodations are only rented out per semester. You will be able to make a request to extend your rent contract for three more semesters during your stay, if you continue your exchange studies at Stockholm University.

The housing contracts for the spring semester 2027 start on **Sunday, 17 January 2027** and end on **Monday, 7 June 2027**.

Due to a limited amount of student accommodations, **Stockholm University cannot offer housing guarantee**. Therefore, we recommend to also start looking for other accommodation as early as possible: [Finding housing in Stockholm](#). If you are not offered an accommodation by Housing Office, you are of course welcome to apply again for the coming semester.

In order to apply for accommodation, you need to:

- 1. Create an account**
- 2. Complete all steps in the housing application**

It is important to follow and **complete all steps** in order for your application to be valid and submitted. Enclosed to this email you find an **"Accommodation Application Guide"** for the application process. Make sure to check your e-mails and follow the instructions throughout the whole application process.

NOTE! In case you have problems filling out the application when you follow the instructions, please e-mail Housing Office at housingoffice@su.se before **29 October** and include a screenshot to describe the problem.
